

2017-2018 I-Connect Peer Mentor Application

In the 2017-2018 school year, we will be using the help of 12th grade students as peer mentors in the 10th and 11th grade I-Connect classes. Students who volunteer for this opportunity will take part in specialized training to help develop and improve their skills in the areas of leadership, communication, problem-solving, perseverance, goal-setting, and questioning techniques. These are the skills that most colleges and future employers are looking for.

This opportunity is open to anyone who will be a senior in 2017-2018, will be at LHS during I-Connect time, is willing to participate in specialized training either in August or at the start of the school year, and is eager to serve in this capacity.

If you are interested in taking part in this exciting opportunity, please complete the application below.

Student Information

Applicant Name: _____
Applicant email address: _____
I-Connect Teacher: _____

Please check all areas that you consider to be strengths for you.

_____ Reading
_____ Writing
